

**Dynastic Orders of the Royal House of Savoy
For the Kind Attention of H.E. Grand Chancellor Johannes Theo Niederhauser**

Excellence,

I hope this letter finds you well, despite the difficult period we are living. As you know, our work never stopped despite the emergency situation and we continue to offer help and support to families with children with cancer.

Thanks to your precious donation, together with the one of Mr. Aswin and Mrs. Thapanee Techajareonvikul of the BJC BIGC Foundation of Thailand on behalf of Ordre des Saints Maurice et Lazare, two family rooms could be adopted for the whole 2020 year. This has allowed us to offer free accommodation to three families and I'm glad to share with you some details about the significant impact of your contribution.

The room "*Il Rifugio di Gianni e Michele*" hosted a family from Montenegro with a 7-year-old child being treated in the hematology department of the Bambino Gesù Hospital. The family is still living there, as long as the therapies last. The room "*Il Colle del Giglio Tigrato*" hosted two Italian families from the regions of Puglia and Sicily. The little patients, a 5-year-old girl and a 6-year-old boy, were treated in the oncology department of the Bambino Gesù Hospital.

As you can see, your donation has provided a fundamental help to these families in fighting against their children's illness, even more difficult due to the pandemic. Thanks to your contribution, we could offer them a safe and comfortable place to stay and a hope of healing for their children.

We know how much you care about Peter Pan children, and we will never stop being infinitely grateful to you for being so generous and close to our mission. For this reason, we would ask you for a renewal of your precious commitment also for 2021, continuing to adopt the two family rooms for another year with a donation of € 6,500 each or, alternatively, adopting different spaces of our houses. For example, a large dining room is available with an annual donation of € 15,000; the multifunctional room, for recreational and educational activities, could be adopted with a yearly donation of € 14,000; the garden is available to be adopted with a donation of € 7,500.

Hoping to have you again by our side in helping children with cancer, I renew my enormous gratitude for what you have already done for us so far. Please accept and send my best and most sincere regards to S.A.R. Prince Emanuele and to all the Dynastic Orders.
